

Classroom-Based Assessment
Sophomore Level – World History
“You and the Economy”

You need to complete the following items:

1. Take the Career Survey Assessment/Inventory
2. Update your resume and save it to your online, digital career portfolio
3. Practice with the SAT resources Mrs. Downs previews for you
4. Research two careers of your choice, but at least one must be from your career survey/inventory
5. Complete the handout from Mrs. Downs called *10th Grade Career Research Assignment*. You must do one handout for each of the two careers you've chosen.
6. Create a 5-10 slide PowerPoint that compares and highlights your careers and the information from your research.
7. Save career PowerPoint saved and placed in the shared folder. Be sure to follow the rubric.
8. Finally, submit a word processed document, answering the four questions below, into the shared folder. *AP World sections will submit the document to Turnitin.com by the end of the week, Friday night at 1159 PM, instead of saving to the share folder.*

FOR EVERYTHING YOU SAVE IN THE SHARE FOLDER, USE THE firstname.lastname format for saving your files.

CBA QUESTIONS (Answer each with at least 5 sentences)

1. Why is this a good job for you? How much education, if any, are you going to need, and how much is the education going to cost? How much money are you going to make?
2. Explain how your job will affect the local, national, and/or global economy? Basically is there a need for this career choice on these three levels?
3. Does the expense of an education for the career you've chosen match well with the job demand? Basically does spending 100k on an education justified when the outlook for a job is 2%?
4. How could specific events like changes in laws and customs affect your job?
